# VIKING

DESIGNED AND  
BUILT FOR  
THE WORLD'S  
AIRLINES

Britain's first post-war airliner, the 'Viking' is still the safest, most economical twin-engine passenger airliner and is outstandingly popular with passengers because of its comfort and smooth flying. It is significant that with the pick of the world's airlines to choose from so many of the world's airlines use the Vickers Viking.

Quality comes before  
Quantity

There was a great air among all the lions as to which could lead the largest family. When they came to the lioness they asked, "How many do you have at one birth?" "One," said the grimy, "but this one is a lion!"

AISOP'S FABLES

THERE are lots of whiskies in the world—but only one Seagram's V. O. Canadian Whisky. The simple water test—which reveals the true nature of any whisky—will quickly prove the difference.

TRY THIS SIMPLE WATER TEST

1. Add pure drinking water (plain or soda) to an ounce or two of Seagram's V. O. Breathe in that inviting bouquet.
2. Sip slowly; enjoy the distinctively different taste, the rare delicacy, the light-bodied smoothness of Seagram's V. O. with water. Then you'll know Seagram's V. O. is one of the world's finest whiskies and the lightest, cleanest-tasting whisky you have ever enjoyed.

Seagram's V.O.  
CANADIAN WHISKY

It's lighter...It's better for you!

## Bail Taken From Smoker Following Admission

Mr. J. Wicks at Kowloon yesterday ordered the \$100 bail of an opium smoker to be returned and for the man to be remanded for three days in police custody for further inquiries.

The man, Yip Ching, was the only one of the 15 smokers arrested by Detective Sub-Inspector A. Leslie during a raid on 72 Canton Road, second floor, on Thursday, on bail.

When, in reply to the court Yip said that he was an unlicensed pork hawker, the magistrate ordered his bail to be returned and for him to be held in custody until Monday for further inquiries. The other smokers were fined \$35 each.

The keeper, Mak Yiu, was also remanded for three days when he admitted the charges of keeping a divan and possession of prepared opium, but denied being the principal tenant.

In another raid, DSI Leslie arrested Cheng Kwok-ki and 10 smokers in an unnumbered hut at Nelson Street.

Cheng, with a previous conviction for a similar offence last year, was sentenced to four and a half months' hard labour, and the smokers fined \$35 each.

Chow Ki, fined \$1,000 or five months' hard labour in April last year for keeping an opium divan, was yesterday sentenced to seven months' hard labour for being the keeper of an opium divan at 398 Reclamation Street, second floor.

The six smokers arrested at the same time by DSI Leslie were fined \$35 each.

**Similar Sentence**  
Wong Sze was also sentenced to seven months' hard labour for keeping an opium divan at 120

**Prison  
For Divan  
Keepers**

Five opium and heroin divan keepers in the Central, Eastern and Western Districts were charged before Mr. F. X. d'Almada at Central yesterday, when the keepers were given prison terms and smokers fined heavily.

Li Kap, aged 35, keeper of the divan on the first floor of 23 Graham Street, was given six months and banishment, and the seven smokers were each fined \$50 or 15 days.

Cheung Muk, aged 30, keeper of the divan on the roof of No. 44 Des Voeux Road West, with a previous conviction for a similar offence, received nine months and banishment.

Six smokers were fined \$50 or 15 days.

Lui Wing, aged 38, keeper of the divan on the roof of No. 50 Des Voeux Road West, got four months and banishment, and two smokers each received a \$50 fine or 15 days.

Tong Kiu, aged 40, the keeper of the divan on the second floor of No. 23 Stone Nishan Lane, was sentenced to six months and banishment, and the seven smokers were each fined \$50 or 15 days.

Leung Cheung, aged 32, the keeper of the heroin divan on the second floor of No. 18 Chung Sau Street, West, who was additionally charged with a breach of deportation order, was sentenced to a total of 20 months and six weeks, consecutively and banishment, and his patrons were fined \$100 or 15 days.

Van Chang Street, first floor, on August 12.

Of the 15 smokers arrested by Inspector Groves during the raid, eight failed to answer to the charge and had their bail of \$50 each forfeited. (The remainder were fined \$35 each.)

Two unlicensed huts at Shek Kip Mei village were raided by Detective Sub-Inspector D. S. Roberts and the keepers and eight smokers arrested.

To Sik, with a previous conviction, was sentenced to four months' hard labour, and Liu Pak was fined \$125 or seven weeks' hard labour, as keepers. The smokers were fined \$35 each.

Lui Wai-kuen, 24-year-old spinster, was remanded for three days when she pleaded that the opium pipe and heroin pipe found in the hut of 101 Nam Street, first floor, by DSI Roberts, were for her mother's own use. She denied the charge of keeping an opium divan.

Two men found on the flat pleaded guilty to the charge of smoking opium and were fined \$35 each.

Sub-Inspector J. H. Evans prosecuted in all cases before Mr. Wicks.

Wong Choi was sentenced to three months' hard labour and recommended for banishment when he admitted before Mr. W. H. Latimer at Kowloon yesterday the charges of keeping an opium divan and possession of prepared opium.

**Previous Conviction**  
Inspector J. Oram said that 194 Shanghai Street, second floor, was raided by Detective Sub-Inspector J. R. Sykes on Thursday and accused, (with a previous conviction for larceny and one for keeping a divan), and five smokers arrested.

Two of the smokers forfeited their bail of \$50 each, and the other three were fined \$35 each.

A fine of \$125, or five weeks' hard labour, was imposed by Mr. Latimer on Chan Fuk on the charges of keeping an opium divan at 205 Reclamation Street, first floor, and possession of prepared opium, on August 12.

Two of the three smokers arrested by DSI Sykes, were fined \$35 each, and the other had his bail of \$50 forfeited.

**FUGITIVE RUSSIAN**

**TO BE PROTECTED  
FROM VENGEANCE**

Washington, August 12.  
A fugitive Russian teacher today testified secretly before the Congressional spy-hunting Committee and, after 90 minutes, was sent away with a promise of full protection against possible Soviet vengeance.

Mikhail Samarin told his story behind the locked doors of the House Un-American Activities Committee room and none of his evidence was made public.

When he emerged from the secret hearing, he faced a battery of newspaper cameras and answered questions put to him by a Committee member, Representative Karl Mundt.

Samarin said he had testified voluntarily and had renounced Soviet citizenship because he did not want to take his wife and three children back to Russia. He said in accented English: "I want to speak openly and truthfully before an official American body about the activities of Soviet dictatorship and the conditions of life of the Russian people under it."

Asked what would happen now if he returned to the Soviet Union, he answered, "My wife and I would be shot or sent to concentration camp for life."

The Committee said Samarin had been assured he would be given "whatever protection this Government can give."

Rep Mundt said Samarin had been given a medical examination to refute charges by the Soviet Ambassador, M. Alexander Panyushkin, that the teacher still suffered from the effects of a head wound incurred in the war and was not responsible for his statements.—United Press.

**Third Raid  
On Same  
Brothel**

Wah Wai-heung, 55-year-old widow, was sentenced to three months' hard labour and recommended for banishment when she admitted before Mr. W. H. Latimer at Kowloon yesterday to being "the operator, not the keeper" of a brothel at 11 Temple Street, first floor.

Inspector J. Oram informed the court that the raid made by Inspector T. Collins early yesterday morning was the third successful one on the same premises. In each case, there was a new principal tenant.

The floor comprised four cubicles. Three prostitutes and three men were on the floor at the time of the raid.

Li Ho, 26-year-old, and Wong Nui, 25 years of age, both stated to be married women, were bound over in the sum of \$50 for one year when they pleaded guilty to housing an obstruction by following.

Inspector Oram said defendants were arrested by Inspector Collins at Park Street near Ning Po Street on Thursday night.

An exhibition of paintings of Chinese historical beauties by Mrs. Li Hui was put on the stage at the Robt Garden, Hong Kong Hotel, next Friday and Saturday between 11 a.m. and 6.30 p.m.

By proclamation yesterday, the Governor fixed August 20 as the day on which the new Government Ordinance, 1948, will come into force.

The Ordinance was approved and passed by the Legislative Council on August 11.

**PERJURY CHARGE  
AT SPY INQUIRY**

Washington, August 12.  
Mr. Charles Kramer, former New Deal economist, was accused today of perjuring himself at the House hearing on wartime Soviet espionage in the capital.

Representative Richard Nixon made the charge as members of the House Un-American Committee tried to get the red-haired poker-faced witness to say whether he is a Communist.

## EUROPEAN OFFICIALS CHARGED Alleged Larceny Of Govt Materials

### SEQUEL TO ROUND-UP OF PWD EMPLOYEES

Austin Spary, 49-year-old Grade 1 electrical engineer, and Arthur Frederick May, 41-year-old electrical engineer inspector, arrested during the Anti-Corruption Squad round-up of Public Works Department employees on Wednesday, were charged before Mr. J. Wicks at Kowloon yesterday with larceny of electrical materials from the Government.

In opposing bail for Spary, Chief Inspector J. Johnston said there was a possibility of further charges being preferred against him.

As investigations in the charge against May have been completed, the police had no objection to bail in the sum of \$1,000 cash being granted to him.

With Spary were Kwok Kwong, 40-year-old foreman of the electrical workshop, on three counts of larceny on or about April 19, between March 1 and July 24, and on or about June 20, this year.

Kwok was further charged with May and Lee Cho, 29-year-old electrician, with larceny of electrical materials between July 23 and August 10, last.

Leung King, aged 48 years, assistant wireman of the department, and Ngau Pul, 41 years, electrician, were co-defendants with Spary and Kwok on the charge of larceny between March 1 and July 24.

Kam Wing, 30-year-old electrician, was charged with Spary and Kwok with larceny on or about June 20.

**Other Charges?**  
In reply to the bench, Chief Inspector Johnston said that the Crown was also opposing bail for Lee Cho as there were possibilities of other charges. It was known that the accused was connected with other cases of larceny, but whether additional charges would be brought had not yet been decided.

When the prosecution applied for a remand for three days, in custody in the case of Spary and his five co-defendants, Mr. P. J. Griffiths applied for bail for Spary on the ground that the charges lacked particulars and were only generalisations.

He said that conditions governing bail in the case of Europeans in the Colony were quite different from that of Chinese, and that being a Government servant, it would not be possible for his client to leave.

Mr. Griffiths further submitted that, in applying for a remand for further inquiries, Chief Johnston showed the weakness of his case. "Men" said defence counsel, "should not be put in goal unless strong prima facie case is put forward."

Chief Johnston said that there were possibilities of further charges being preferred against the defendants. He reminded the court that some 30 men were taken into custody.

**Illegal  
Wireless  
Apparatus**

The maximum fine of \$3,000 on each charge was imposed on Chung Ng, aged 30, by Mr. Hin-shing Lo at Central yesterday when he was charged with possessing and maintaining radio apparatus.

As defendant was bailed on \$5,000 and could pay his fines, he was not given the option.

Inspector Lungho Gordon, who raided 19 Des Voeux Road West (third floor), said that the door had to be forced open and they found no one in the house, but defendant was caught trying to escape over the roof.

All the radio apparatus was confiscated.

### 828 Births For Week

Eight hundred and twenty-eight births were registered in Hong Kong during the week ended August 7, said an official statement yesterday.

Deaths were 203, of which 32 were tuberculous victims. The number of infectious diseases recorded in the period under review was 111.

### Would Over-Charge Magistrate

"Even if you, the magistrate had gone into my store you would have been charged \$1.50," remarked Chan Fung Yuk-chun, when she pleaded guilty to an over-charge of 15 cents for a tin of Quaker Oats before Mr. F. X. d'Almada at Central yesterday.

She was fined \$30. She said that when the control price was still \$1.50, she left for Kowloon and was therefore not aware of the reduction in the price.

A small boy of 13 made the sale, and although she had the sale returned to the colony, she did not know of the reduction until informed by the inspectors of the price control.

Other offenders against the price control were:  
Lam Brothers Company, 33 Hennessy Road, was fined \$40 for overcharging five cents on one fresh lemon.

Wing Cheong Fruit Shop, 151 Connaught Road Central, was fined \$40 for overcharging five cents on one fresh lemon.

Kut Lee Fruit Stall in Wing Street was fined \$40 for overcharging five cents on one fresh lemon.

Cheung King of No. 1 Canal Road, East was fined \$40 for overcharging 20 cents on one tin of evaporated milk.

Fong On Tai of No. 3 Graham Street was fined \$100 for overcharging 25 cents on one bottle of Siam's liniment.

Shing Kee of 56 Connaught Road Central was fined \$75 (second offence) for overcharging 10 cents on one tin of evaporated milk.

Wai Kee, Stall No. 3 in Eastern Street, was fined \$100 (second offence) for overcharging 10 cents on one tin of evaporated milk.

Hop Tak Hong, 102 Des Voeux Road, West, was fined \$30 for overcharging five cents on one tin of Quaker Oats.

Wing Shing Hong of 107 Des Voeux Road, West, was fined \$10 for overcharging 15 cents on one tin of Quaker Oats.

Cheung Shing Hong of 205 Des Voeux Road, West, was fined \$75 for overcharging 15 cents on one tin of Quaker Oats.

Chi Sung Loong of 29 Cross Street was fined \$40 for overcharging 20 cents on one tin of Cow and Gate Milk Food.

Tsui Cheong of 5 O'Brien Road, was fined \$30 for overcharging five cents for one tin of Quaker Oats.

Shun Yee Hong of 131 Des Voeux Road, Central, was fined \$50 for overcharging \$13.50 for one "Bingo" alarm clock.

Chuen Hong of 273 Des Voeux Road, Central, was fined \$40 for overcharging \$6 for one "Big Ben" alarm clock.

Inspector Pitman of the Price Control prosecuted in all cases.

**HIRED BIKE,  
SOLD IT**

Jackie Morales, aged 19, was sentenced to six months' hard labour by Mr. Hin-shing Lo at Central yesterday for stealing a bicycle.

Defendant, who already has two previous convictions, went to a bicycle shop in Wanchai and hired the bicycle. Instead of returning it, he sold it to a man he met in Queen's Road for \$25. An accused did not know the man, he has not been traced, and the bicycle has not been recovered.

Inspector Brownrigg prosecuted.

**WHAT?  
WHEN?  
WHERE?**

On the 14th August 1948, at 10.30 a.m. at the Court of Sessions, Hong Kong. The following cases were called on for judgment:—

## NOTICE

It is hereby notified that sealed tenders in triplicate which should be clearly marked "Tender for the purchase of Motor Launch 'M.D. 24'", will be received at the office of the Chairman, Tender Board, Colonial Secretariat, until noon Friday, 20th August, 1948, for the purchase of the unserviceable Motor Launch "M.D. 24".

This launch is to be sold as she lies alongside at Government Slipway, Yaumati.

## Particulars:—

Decked harbour launch. Wood, carved built. Length 81' 0" Breadth 12' 0" Depth 7' 3"

Machinery not complete.

Permission to inspect and details of the specifications and conditions may be obtained on application to the Superintendent Engineer, Government Slipway, Yaumati.

Tenders must attach a receipt that they have deposited at the Treasury, Prince Building, Des Voeux Road Central, the sum of Five Hundred Dollars (\$500.00) as a pledge of the bona fides of their tender, which sum shall be forfeited to the Hong Kong Government if the successful tenderer fails to complete the transaction. The deposit shall be returned to unsuccessful tenderers.

Government does not bind itself to accept the highest or any tender.

J. JOLLY, Director of Marine, Marine Office, Hong Kong, 13th August 1948.

## MARINE DEPARTMENT

Tenders are invited for the purchase, as she lies, of an unclaimed bulk oil lighter.

Tenders which should be sealed and in triplicate will be received at the Marine Department Office until noon on Friday, August 20, 1948.

Permits to view the vessel, which is lying at the China Light & Power Co.'s premises at Hok U in Kowloon Bay, may be obtained from the Superintendent Engineer, Government Slipway, Yaumati.

Approximate Particulars:— Length: 91' 1" Breadth: 25' 2" Depth: 7' 3"

Tenderers must deposit at the Treasury, Prince Building, the sum of \$1,000 which sum shall be forfeited if the successful tenderer fails to complete the transaction. The deposit will be returned to unsuccessful tenderers.

The successful tenderer will be required to pay the purchase money in full within 48 hours of being notified of the acceptance of their tender and to remove the vessel from the above premises within one week from that time.

J. JOLLY, Director of Marine, Marine Department, Hong Kong, 11th August, 1948.

## NOTICE TO MARINERS NO. 18/48

French Indo-China Anchoring in Coastal Waters.

Notice has been received from the French Naval Authorities that vessels may, in cases of urgent necessity, such as bad weather or accident, seek refuge in Indo-China coastal waters.

They are required to report the reason for such action to patrol vessels and local authorities who will direct them to an approved anchorage. 2. Anchoring in waters adjacent to Pulo Condo is prohibited unless permission is obtained from the Director of these islands.

AUTHORITY: French Naval Authorities, French Indo-China. J. JOLLY, Director of Marine, Marine Department, Hong Kong, 12th August, 1948.

## NOTICE TO SHAREHOLDERS

## CALL ON 1941 ISSUE SHARES

Notice is hereby given that the Board of Directors have decided to make a Final Call of \$1.00 per share on the 1941-Issue Shares.

The attention of the Company's shareholders is drawn to the notice of the Second Call of \$2 per share which was made in 1941 and was payable by 6th January 1942. In the main this Call remained unpaid owing to the intervention of hostilities and is subject to the existing Moratorium.

The Directors have decided therefore to invite shareholders to pay this further sum of \$2.00 per share.

It will be appreciated that the payment of the Final Call of \$1.00 is obligatory; but the Second Call of \$2.00 due in 1942 is voluntary in view of the imposition of the Moratorium.

Payment of one or both amounts should be made to the bankers of the Company—the Hongkong & Shanghai Banking Corporation, Hong Kong, not later than 30th September 1948.

The payment of \$3.00 now requested will make the 1941 Issue fully paid. The shares will rank for dividend in regard to amounts paid by the due date, from the commencement of the Company's financial year, 1st October 1946.

Forms will be forwarded to shareholders in due course.

By Order of the Board of Directors,  
P. W. A. WOOD, Secretary & Chief Accountant.  
13th August 1948.

## BARGLEY ON BRIDGE

By Shepard Bargley

GET THE LEAD YOU LIKE  
If one opponent had made a suit bid against you, his partner is pretty likely to lead that one against a contract by your side in another suit. That is a good point to have in mind if you are able to stick the ultimate declaration into either of two suits—one of which would have you as the declarer and the other your partner. It can sometimes be the guide to a beautifully successful bid.

DK Q 6  
CK 4 3

Both opponents passed that because they thought they might set it and doubled their own ability to make a contract that high. They were right, as in 5 Spades they would lose three tricks to the heart and club aces and the spade K.

There was one very pretty bid in that sequence, however. It was South's 5-Clubs. It resulted in his scoring a game for his side instead of getting set. After the hand he explained the logic of it.

(Dealer: East. Neither side vulnerable.)  
What would you consider the best bidding of this deal?

# VISHINSKY CHALLENGED ON DANUBE COMMISSION VIEWS

## BRITISH ATTACK ON RUSSIA

Belgrade, August 12.

The British delegate to the Danube Conference, Sir Charles Peake, today opposed the Soviet view that the new Danube Commission consist of Danube States only.

Sir Charles challenged M. Andrei Vishinsky, of Russia, to think what was meant by "Danube States."

If this meant riparian States, it could hardly apply to Russia, he said. Producing a map of the Soviet Union from his pocket, Sir Charles said the territories of the Soviet Ukraine alone bordered the Danube in the East.

Both the Ukraine and Russia separate international entities—each hardly both put forward claims to a riparian status simultaneously and based on the same piece of territory," he declared. "Sir Charles said Britain claimed participation of the Commission because British ships had made considerable use of the Danube before the war and because duties collected from non-riparian nations amounted to 71 per cent of the total, and the loans supplied by them allowed important navigational improvements to be made.

### Aid To Yugoslavs

Sir Charles rejected charges of British and American economic penetration in the Danube basin.

Sir Charles said: "The Yugoslav Government has shown no inclination to reject UNRRA aid on the grounds of political and economic penetration. In his accusation against Britain, M. Bebler, the Yugoslav delegate, conscientiously forgot about the contribution made by Britain to Yugoslav relief."

"Let the Yugoslav delegate reflect what the healthy and happy children he sees playing in the streets would look like now but for the United Nations Relief

and Rehabilitation Administration."

Earlier today, the American delegate, moving an amendment to the Russian draft Convention, said: "When Austria and Germany are in the new Danube Commission and adequate provision is made for non-riparian representation, the United States is ready to give up her place on the Commission."

### "Monroe Doctrine"

The amendment was vigorously opposed by Yugoslavia and Rumania. M. Bebler said it would lead to a capitulation regime in the Danube similar to that imposed by the West on the Turkish Empire. "Permit us to have our own Monroe Doctrine," he declared. "The American demands seem modest, but in fact are minimum ones."

The Rumanian Foreign Minister, Mme. Anne Pauker, said the security rights claimed by France and Britain under the 1921 Danube Convention had been gained by cheating. The old Convention had been imposed by force but today such acts were impossible.—Reuter.

## Distributing League Assets

Lake Success, August 12. The US\$10,000,000 assets of the League of Nations are to be distributed among members of the United Nations.

The Secretary-General, Mr. Trygve Lie, made it clear that no UN member would actually get any cash. The property, mostly in Switzerland, will either be pressed into the service of the United Nations or will be sold and the returns credited against bills the UN holds against members.

Britain would get the lion's share—US\$2,000,000—under the Lie proposal. Other nations would get amounts ranging down to US\$8,229.97 for Afghanistan.—United Press.

### INVENTOR DEAD

New York, August 12. The death occurred here today of Olaf E. Waring, inventor and cosmetic consultant. A native of Norway, he came to the United States at the age of 15. He was the inventor of apparatus widely used in the drug, cosmetic and food industries.—United Press.

## Hungarian Guards Flee

Vienna, August 12. An entire company of Hungarian frontier police fled to the British zone of Austria on Wednesday, the British sponsored Weltpress reported today.

The paper said the 120 police, accompanied by their families, asked the British authorities to send them to a displaced persons camp. The police said they were opposed to the Communist regime in Hungary. They said non-Communists are being purged from the Hungarian police force and sent to "training camps" outside the country.—Associated Press.

## Scarlet Pimpernel Estate

London, August 12. Fictional Sir Percy Blakeney, who snatched aristocrats from the guillotine in "Scarlet Pimpernel" and several other famous novels, was responsible for the bulk of the £35,275 left by Baroness Orczy.

The net value of her estate is £34,094, death duty taking £7,000. She died intestate and letters of administration have been granted to her son Mr. John Orczy, baronet, and former Army intelligence officer. He is said to be the only person entitled to the estate.

Baroness Orczy was born in Hungary and spoke no English when she came to England at the age of sixteen. But between November 1905 and her death last November she wrote in English 54 historical novels and some plays. "Scarlet Pimpernel" sold more than 750,000 copies after being rejected by 12 publishers.

# NO RED, DECLARES ARTIE SHAW

New York, August 12.

The band leader, Artie Shaw, denied today the charge made by his estranged wife, the novelist Kathleen Winsor, that he admitted being a Communist.

He said that it was a "red herring" in the legal proceedings to dissolve their marriage. In a statement made by Mr. Shaw, he said: "I am not and have never been a Communist. As for Miss Winsor's statement that I said recently that I have joined the Communist Party, this is sheer unmitigated nonsense."

Miss Winsor charged in an affidavit supporting her plea for separation that he had tried to persuade her to join the Party and to read writings of Karl Marx and other Communist leaders.

Mr. Shaw said: "This is, of course, clearly her misguided attempt to apply the current red herring technique to this unfortunately messy affair." Mr. Shaw made the statement as his attorney prepared to file final affidavits in Mr. Shaw's action to annul the marriage. As to her charges of infidelity, he said that there is "not one word of truth" in the vicious charges.

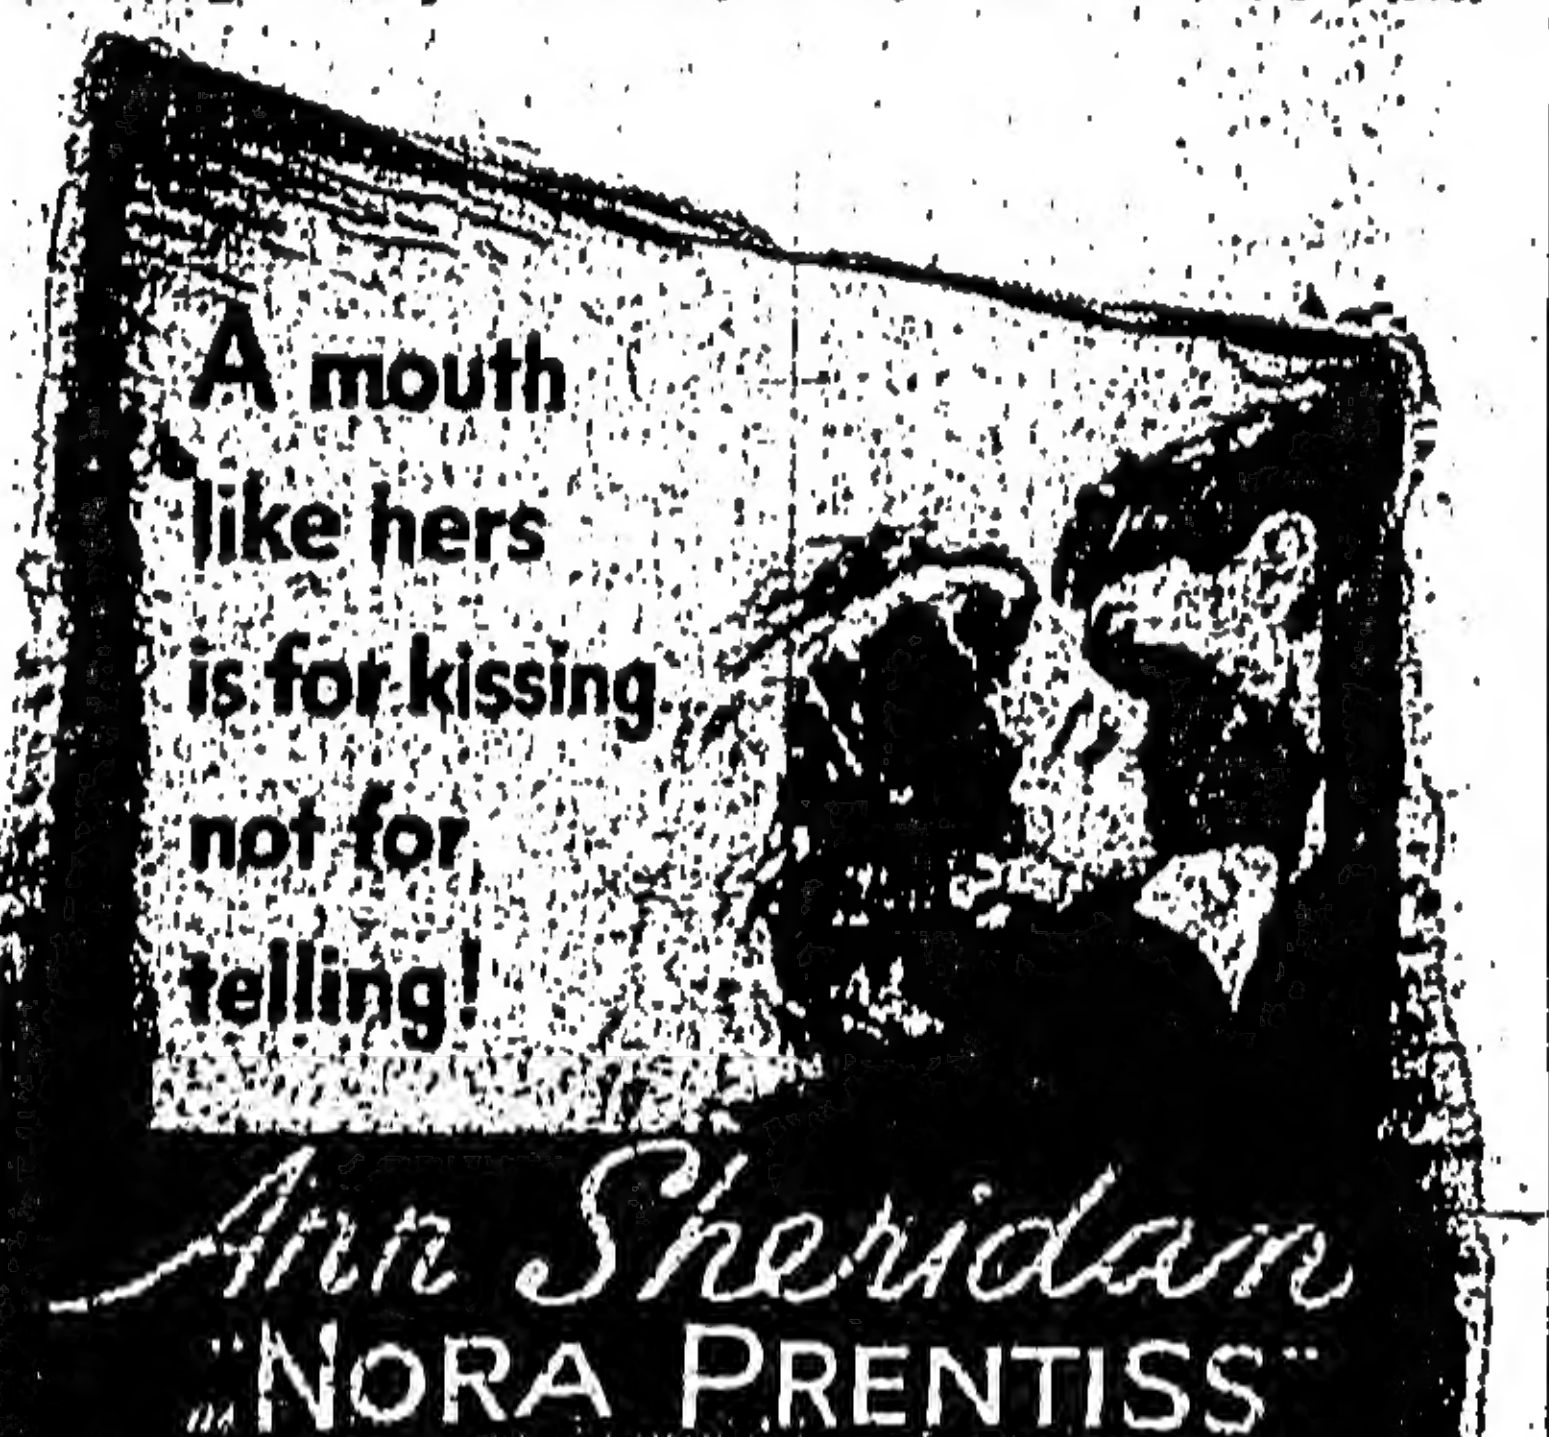

## FRENCH BREAD RATION UP

Paris, August 12. France's bread ration will be raised to 300 grammes per person from 250 grammes on September 1, the Minister of Labour, M. Daniel Mayer, announced today.

M. Mayer said that the bread ration from September 1 would contain less coarse grain and would be whiter. He described the new ration as one of the steps planned by M. Mayer's Government to increase the effective purchasing power of French workers.—Reuter.

## THE 1948 CHEVROLET

**Newer! Smarter Finer**  
**Here's the one to see**  
**Come and see it!**

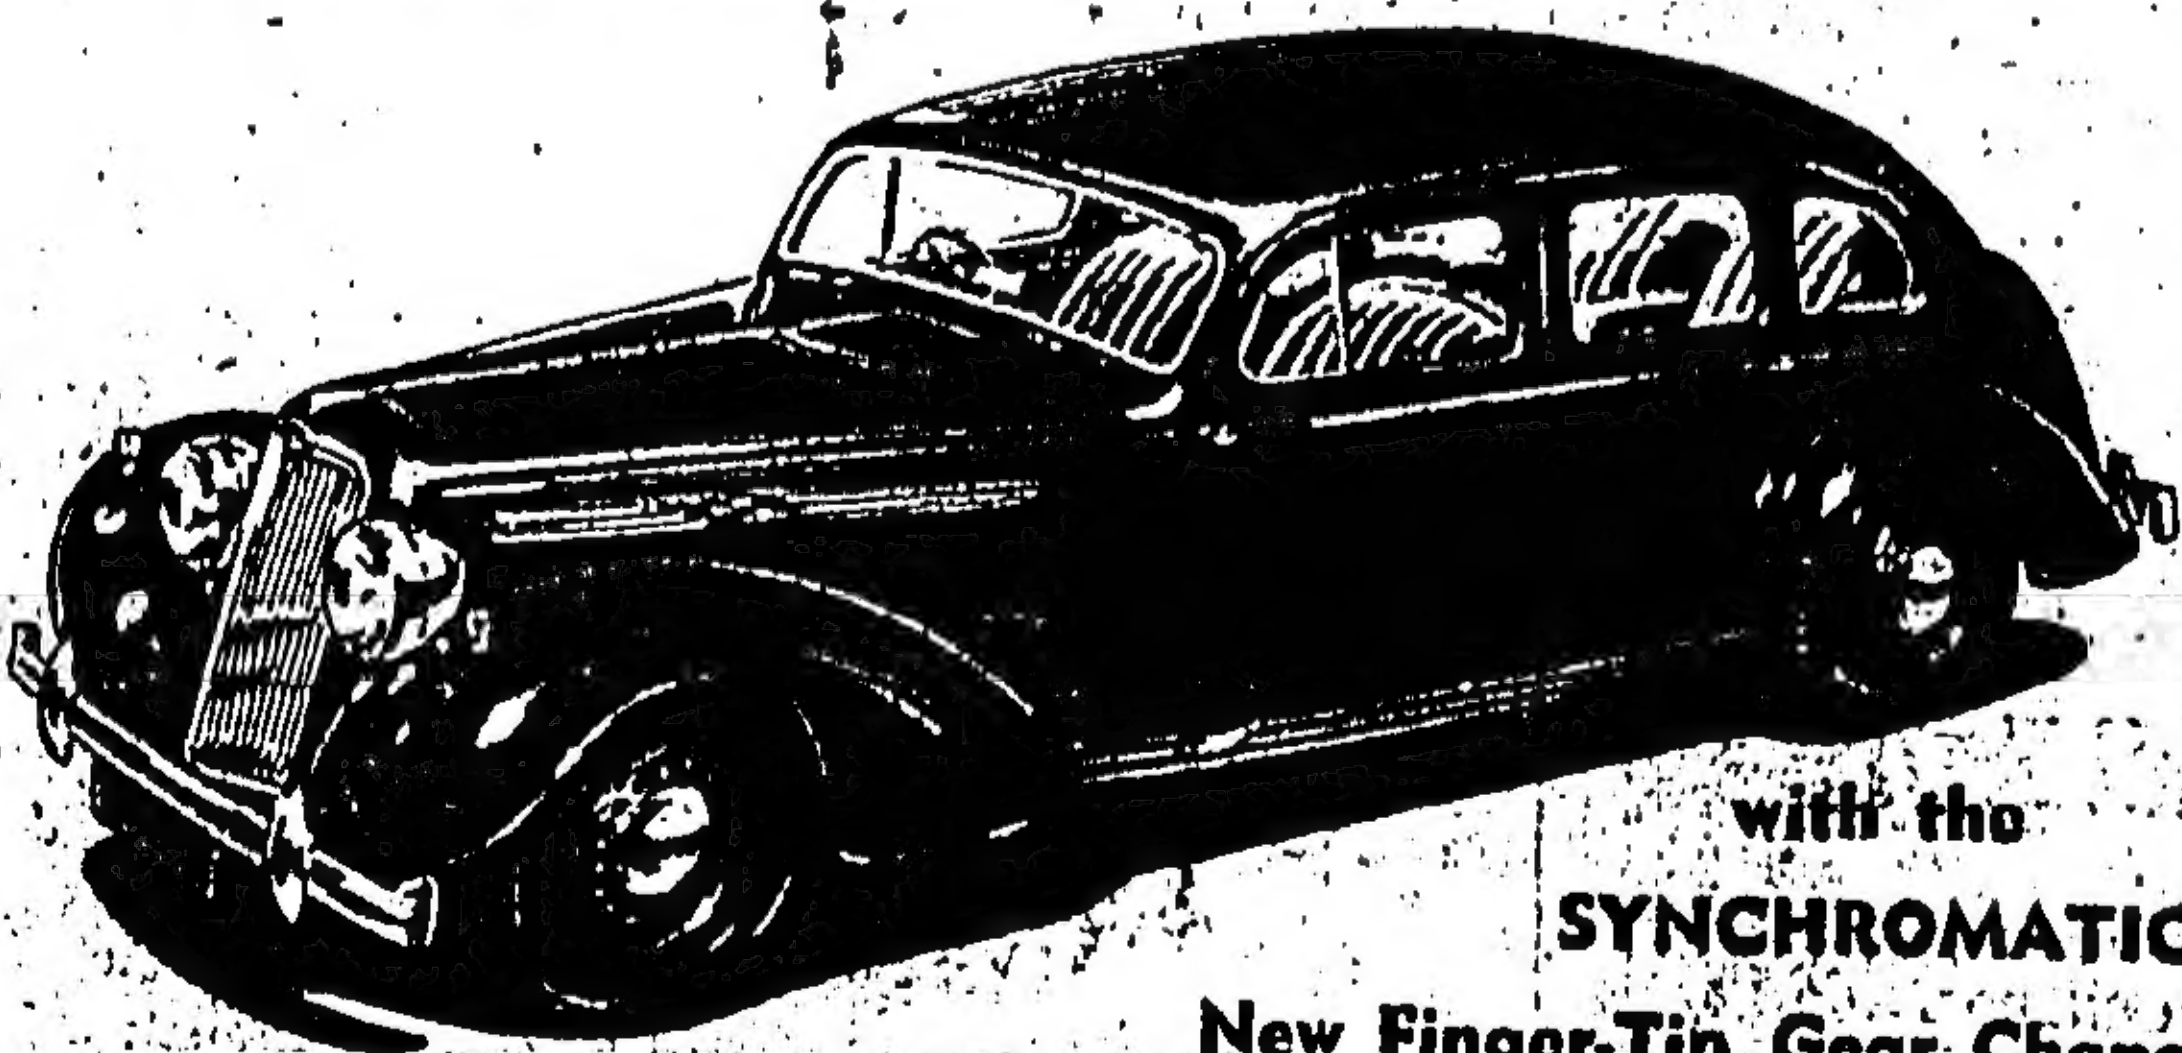

The new Chevrolet for 1948 brings you new smartness of design, new color harmonies, new interior luxury—an even greater measure of **BIG-CAR QUALITY AT LOWEST COST**. And with all its greater value, Chevrolet's the lowest-price line in its field... the only car in its price class combining such Big-Car features as Body by Fisher, Valve-in-Head Engine, Unitized Knee-Action Ride and Positive-Action Hydraulic Brakes. No wonder more people drive Chevrolets—and more people want Chevrolets—than any other make, according to official nation-wide registrations and seven independent nation-wide surveys.

## MOTORING NEWS AND VIEWS STREAMSTYLING BY SUNBEAM- TALBOT IN ATTRACTIVE NEW MODELS

*The "80" And "90" Sports  
Saloons And Convertible Coupes*

Successors to the famous "Ten" and "2-litre" types, Sunbeam-Talbot have announced new "80" and "90" models. As well as achieving new high standards in British sports car design and performance, the maker's new art "Streamstyling" is presented thereby for the first time and in convincing manner.

Original in conception, new in thought, "Streamstyling" expresses as never before the epitome of modern harmony, balance and gracefulness combined with mechanical excellence. The traditional supremacy of the Sunbeam-Talbot, therefore, is not only reaffirmed but is notably enhanced.

Expressed in two distinctively attractive forms—as a Sports Saloon of all-steel safety construction and as a Sports Convertible Coupe (bodywork by Thrupp & Maberly, Ltd.), which in a few moments can be transformed into a sleek Sports Tourer with fully recessed hood, "Streamstyling" is the outcome of long research applied in character parallel with the progressive development of Sunbeam-Talbot engineering science. In short, the "80" and "90" are quality-built design throughout.

### Unique Performance

Essentially compact and manoeuvrable, as sport cars should be, the new Sunbeam-Talbot "80" and "90" while retaining all traditional comfort and roominess, offer a performance unique indeed for power, generality, operating economy and driving simplicity. This moreover, is in relation to full four-seater essentials (with the Coupe, as one of the few convertible types to give really commodious four-seater enclosed accommodation) and appropriate enclosed luggage-carrying facilities.

Of real interest is the exceptional range of driving vision provided by the Opticurve windscreen. Not only does it permit door pillars to be set well back and so avoid blind spots, but dazzle, glare and reflection are entirely eliminated. Furthermore, the low dash-rail and sloping bonnet the degree of driving safety secured is generous in measure. Interior comfort introduces the new air-duct dual ventilation system that is integral with "Streamstyling". It ensures constant circulation of fresh air as and when required, the two controls being independently operated and circulating air without draughts, to fore and aft compartments.

### High Efficiency Engines

Equipped with powerful and proved efficient O.H.V. engines of 1,185 and 1,944 c.c., respectively, there is all the welcome marginal speed inherent with modern styling. And although of comparatively new design, the "80" and "90" chassis types have in their conception all the science and skill of years of practical experience on road and track. Allied to engine flexibility and liveliness is the proved synchromatic finger-tip gear-change control which, as well as facilitating crash-proof gear changing in relation to synchromesh "Top",

3rd, and 2nd, permits phenomenal get-away and the ability to take rapid advantage of the generous power output limited only by degrees of human prowess. To the sports enthusiast, however, this is something in which he can take the greatest pride. The convenient positioning of the gear lever on the steering column gives ready-to-hand driving simplicity and contributes to greatly enhanced comfort and safety. The "Streamstyling" control panel, moreover, is as practical as it is original.

Similarly, the close study devoted to steering wheel position

facilitates cleansing the oil, inlet manifold with separate ports for each cylinder, and thermostatically controlled choke and cooling system. Also, being suspended on cushioned-power mountings of resilient rubber, engine performance is permitted easy, smooth, silent and maximum power development.

The "90" develops 64 b.h.p. at 4,100 r.p.m. with an O.H.V. engine of 1,944 c.c. It permits vivid acceleration for all normal or sports and trial hill climbing purposes as well as robust energy for fast averaging cruising speeds over long distances or for im-

"Streamstyling" moreover ensures every feature blending into the one complete unit—built-in horn, stop and reversing lights, rear number plate, curved rear bumper, flush fitting sunshade roof, doors with concealed hinges and pull-out handles, rear wheel fairings, all are part of the integral design.

Interior seating is both well proportioned and quality finished. Luggage accommodation readily permits four passenger requirements, while tools are readily available without interference with the main luggage carrying compartment.

### The Sports Convertible Coupe

This model is one of the most attractive Convertible Coupes on the market. It combines the comfort and roominess of a saloon with all the advantages of

The all-metal Sports Saloon

not only gives unobstructed vision of all essential instruments but with near-vertical, rake, as favoured by racing practice, complete driving mastery and safety is assured.

### The "80"

With a cubic capacity of 1,185 c.c., the O.V.V. engine develops 47 b.h.p. at 3,800 r.p.m. and is designed to give performance with reliability and purposeful economy.

Features include: detachable head and rocker cover of special design, Lo-explains, steel-buckings, crankshaft with integrally forged balance weights and new pattern-harmonic cam bearings pressure lubricated throughout (with a by-pass filter automa-

pressive all-round performance. Similar modern engine features, as in the "80", are incorporated and provide an all-round sports unit of distinctive merit.

### The Sports Saloon

Every proved safety feature has been embodied—all-metal construction, safety glass throughout, the use of an understating box-girder chassis of great strength and rigidity, low centre of gravity, and stability and road-holding qualities of high character. Opticurve windscreen and rear window contribute to remarkable vision for the driver and eliminate dazzle, glare and reflection by day or night. Powerful Lockheed hydraulic two-lever shoe braking system ensures controlled speed.

an open sports tourer. The transformation can be effected in approximately one minute, the waterproof hood of fine quality material folding away out of sight into a recess, thereby preserving the sleek lines of the sports tourer.

The body shell, including windscreen pillars, is of all-steel construction, preventing rattle. Wide doors, giving unusually good access, are built of aluminium. Both front seats are of the forward tilting type, rear quarter lights can be wound down to disappear into the side of the car, while the front windows are fitted with quick-lift windows. (Prices J. 44.)

The Sports Convertible Coupe embodies multi-angle adjustable driving seat, easy-lift bonnet and other refinements.

## BRITISH MOTOR VEHICLES FOR EXPORT

The export targets for the motor industry for 1948 have been cut along with those for the other engineering industries. Shortage of steel is said to be the cause. The director of the Society of Motor Manufacturers and Traders has explained that the reduction in car and vehicle targets did not involve any further lowering of production programmes, nor did it imply that any more vehicles would be relegated, as a result of it, to the home market. The target was brought into line with foreseeable production instead of being allowed to remain at an unattainable level.

Car production is running at the rate of about 30,000 a month, of which about 20,000 for export. These figures are well below the manufacturing potential of the industry which, as a whole, is working at slow and uneconomical rate because of lack of steel and other supplies. Commercial vehicle production has averaged about 18,000 a month, 6,000 to 7,000 a month being for export. This side of the industry is also below production possibilities.

### Heavy Cut

The end 1948 target for both sides of the industry is now down to a monthly rate of £9,000,000, instead of £12,500,000 calculated at prices expected to be ruling at the end of 1948. The figure for cars (including chassis) is down to £5,800,000, from £7,800,000; commercial vehicles (including chassis) to £3,200,000, from £4,700,000. The export target for heavy commercial vehicles, other than motor buses, is cut from £3,000,000 to £1,100,000.

Although March was undoubtedly a record month for the British motor-vehicle industry, it is depressing, increasingly difficult to follow the different sets of figures issued by the Government and the industry. The S.M.M.T. has described the present year as a crucial one for the motor industry.

times four, and sometimes five weeks. March was a "five-week" month, and in this period 47,800 motor-vehicles were produced. Of these 31,400 (23,000 cars and 7,500 commercial vehicles) were set aside for export.

Actual exports, however, were 19,100 cars and 5,259 commercial vehicles but these are the figures for the calendar month and bear no ascertainable relation to the production figures of 32,349 cars and 15,487 commercial vehicles given in the same issue of the S.M.M.T.'s statistical review, for the 19,100 cars are stated to be "about 75 per cent. of output" and the 5,259 commercial vehicles "about 48 per cent. of production". The total value of exports by the industry in March, including vehicles, trailers, parts and accessories, was over £12,000,000. Forty-two per cent. of actual export currency areas, compared with the average of 20 per cent. for all exports from the United Kingdom. Shipments of cars to the United States in the first quarter of the year were 3,698, against only 143 last year.

### Years To Wait

The director of the S.M.M.T. has stated that deliveries of cars against newly placed orders for home use will take between eight and 12 years. "Cars" deliveries will also take several years. The industry is working only to about 60 per cent. of its capacity. The current annual rate of production is about 302,000, whereas the factories could produce up to 400,000 cars a year were it not for shortages of raw materials and other handicaps. The American output this year is 420,000 cars and 1,250,000 trucks, of which the export quotas are 9.6 per cent. the highest set post-war.

### LOCAL SHOWING

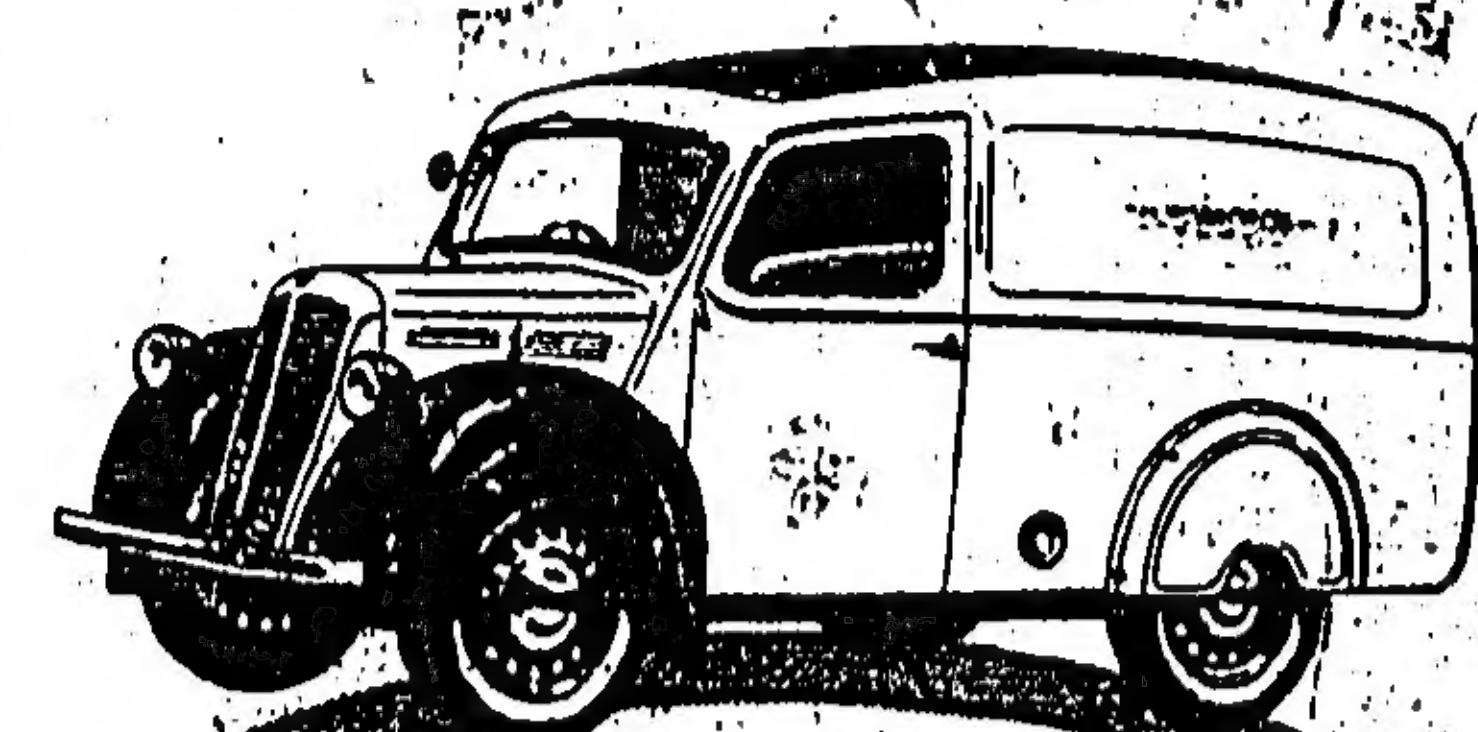

First 1949 cars in the motor car industry, the completely new Lincoln Mercury, and Ford models will be shown by Messrs. Harrold & Sons, Ltd., at an exhibition in the Gloucester Hotel Arcade starting on Monday and lasting until August 29. The New Lincoln Cosmopolitan will be unveiled on Monday morning and will be on display for four days. Commencing on August 30 the shorter wheelbase Lincoln will be on display for two days. The following week will be devoted to the display of the 1948 Model Mercury and Ford.

# BRITISH SECTOR 'INVADED'

## Russian Police Swoop Over Boundary New Move In Series Of Harassing Tactics

Berlin, August 12.

The Russian military police, accompanied by the German police, today invaded the American and British sectors of Berlin in an alleged raid on black market operators.

Flying squads of Russians and Germans working for them appeared in both Allied sectors. The German police of the Western sectors immediately summoned the American and British military police.

The British officer heading a military patrol demanded that the Russians get out of his sector, and they did so. By the time American troops arrived, the Russians had withdrawn from their sector too.

The Russian-licensed news agency ADN protested that the Americans had crossed the border into the Soviet sector, but the Americans denied it.

American public safety officials said the withdrawal of the Communist forces, who had entered the sector to search German houses, was accomplished without physical violence.

They said most of the Russian police stopped at the border, while the German forces swept across into the American sector. They added, however, that some Russians were actually in American sector houses.

Some of the incident was the American occupied borough of Krenzberg, at the border of the American and Russian sectors. In another incident at the Potsdamer Platz, in Central Berlin, Soviet-controlled German police, supported by Russian military police also crossed into the British and American sectors to arrest Germans in the streets.

### Russian Claims

These forces withdrew when a squad of German policemen from the Western sectors rushed up to the borders.

In both cases, the Russians claimed the raiders were rounding up black marketeers.

Both incidents, however, were related to the spy of Berlin's German police forces. The city now has two central headquarters for its police. One is situated in the Russian sector and headed by Herr Paul Markgraf, who is backed by the Russians as police president although he has been suspended by the elected city Government.

### BRITISH MOTOR VEHICLES FOR EXPORT

(Continued from Page 8)

the impossibility of bringing the costs down to a minimum when the shortage of raw materials, and in particular steel, makes it impossible for factories to run at their full potential capacity, all combine to make the task of the industry heavy. Most overseas markets are at present either wholly or partially closed to British vehicles, and the industry looks to the Government to continue making every effort to reopen these closed markets. The present strength of exports shows, however, that in certain markets British medium vehicles are meeting a definite demand.

### Quality First

The importance of British exports of all kinds to the United States being of consistently high quality has been emphasized by Mr. W. S. Lyons, chairman and managing director of Jaguar Cars, on his return to this country. Notwithstanding and perhaps because of, their ability to produce goods in great quantities, Americans greatly admire quality and individuality in everything. Since their own cars are virtually uniform in appearance, there is a permanent market for British cars with characteristic lines and good finish. The Rootes group has formed an American company to handle its products in the United States. The Ford Motor Company of Canada has announced that it will resume the importation of British-made cars and light delivery vans from the Dagenham plant.

## Children's Appeal Wound Up

Geneva, August 12.

The United Nations Economic and Social Council tonight resolved by eight votes to seven to wind up the United Nations Appeal for Children at the end of this year. There were three abstentions.

In the past few months, the Appeal has raised over £4,000,000. The fate of the Appeal, which was launched by the United Nations Assembly to save 230 million children who cannot be cared for by their parents or their countries, will be finally decided in September when the Assembly meets in Paris.

The vote in the Council followed a long debate in which first New Zealand, then Britain, the United States, Canada and France wanted to wind up the Appeal. —Reuter.

### "Harassing"

He said most of the Russians stopped at the border while the German forces crossed the line. There in territory under American jurisdiction, Mr. Bond said, the Germans began searching houses. They also formed a cordon and pushed Germans from the American occupied territory across the line into the Soviet sector and there arrested them. Reports sent to Mr. Bond's office said that some of the Germans, thus rounded up, broke through the police lines and ran back into the U.S. sector.

A call went out for American military police and Mr. Bond said they broke it up without trouble.

Although the Communists claimed to be rounding up blackmarketeers, Mr. Bond said he suspected the border forays were "just harassing tactics." The Moscow-trained Markgraf has been harassing the Western sector police forces by arresting many of its members who enter the Russian sector. Thirteen have so far been reported arrested and jailed, most of them on what the American authorities have described as "trumped up charges" of theft.

Mr. Bond said it was likely the Russians were looking for Red Army deserters. —United Press and Associated Press.

### DISCOUNT RATE RAISED

Washington, August 12. Nine of the 12 Federal Reserve Banks in the U.S. raised their discount rate from 1½ per cent to 1½ per cent effective on Friday. A spokesman said the remaining three would take similar action. This is the second Government increase in interest rates in what Secretary of the Treasury John Snyder calls "a further anti-inflationary measure." The discount rate is that paid by member banks when they borrow from the Federal Reserve System using their holdings of Government bonds and notes as security. —Associated Press.

### BRIDGE HOUSE SUSPECTS

Shanghai, August 13. Major A.E. Kite, British war crimes investigator, is expected to arrive in Shanghai from Hong Kong on August 20 to re-investigate evidence concerning war crimes charges against Maj. Gen. Kinoshita and Sgt. Maj. Yoshida of the Japanese gendarmes in Shanghai during the occupation. Major Kite will remain here for a week. The trials of the two Japanese, who were charged with maltreatment and torture of Allied internees in Shanghai's notorious Bridge House, were dismissed for lack of evidence some months ago by a war crimes investigator in Hong Kong, but were recently ordered reopened by the Foreign Secretary, Mr. Ernest Bevin, following protests of Shanghai Britons. —Reuter.

## What It Will Be Like

New York, August 12. If Russia fomented a war in the near future, it would have to be an "orthodox" war, General Carl Spaatz, former United States Air Force Chief of Staff, wrote in the current issue of the American magazine "Life," but if war came about in 1952 or later, it would probably start with an air raid on the United States by hundreds of atomic bombs, he added. The first attack would be a preventive measure to stop a possible United States counter-attack. After that, the Soviet ground forces would be the principal instrument. —Reuter.

## TYRONE POWER TO WED

Rome, August 12. Tyrone Power's spokesman, James Denton, said "Linda Christian and Power will announce the date of their wedding as soon as possible, but it will definitely not be on Saturday." Technical difficulties are delaying the wedding. Denton said "they want to be married as soon as possible."

He confirmed that Linda Christian's wedding dress is being made, but said plans for the wedding are still entirely indefinite. —Associated Press.

## EUROPE TOLD TO HELP ITSELF

Washington, August 12.

Senator Styles Bridges, chairman of the Senate Appropriations Committee, today warned European nations that Congress may refuse to appropriate any more money for foreign aid unless they move quickly to help themselves.

The Senator said future Congressional action on the issue will depend upon the progress these nations had made in building up their own economies.

"We will want to know exactly how far along the road to recovery the participating nations are and exactly what they have done for themselves before appropriating another nickel," he said.

Senator Bridges, Senator Arthur Vandenberg (Senate President) and other influential Senators discussed the situation in a series of meetings recently with the Economic Cooperation administrator, Mr. Paul G. Hoffman.

Mr. Hoffman is reported to have told the legislators that during his recent trip to Paris he made it abundantly clear to the European leaders that the Marshall Plan nations must speed up their efforts to help themselves over the next five months.

He said Congress could not be expected to authorize any additional expenditure funds unless convinced that Europe is pulling its own weight. Both Congressional authorization for the foreign aid programme and the first year US\$5,055,000,000 appropriation expire next June 31. —United Press.

### QUAKE SHOCK IN PORTUGAL

Lisbon, August 12. A strong earthquake shock was felt in Coimbra at midnight. Residents fled their homes in fright, but no casualties were reported. —United Press.

### FIVE DEAD IN AIR CRASH

Topeka, Kansas, August 12. A four engine air force plane crashed at Topeka today shortly after taking off from the Topeka air force base. Five of the seven men aboard were killed and two injured. —Associated Press.

## LATRUN INCIDENT REPORTED TO UN

Tel Aviv, August 12.

The United Nations Press Officer in Haifa described the blowing up of the Latrun pumping station as of the "utmost gravity." He declared that the incident had already been reported to the Security Council.

The incident would, apparently, be reported to the United Nations as an Arab violation of the truce, he said.

The station was in an area controlled by the Arab Legion according to the agreed truce positions accepted by the United Nations.

The pumps were beyond repair.

The officer, releasing a preliminary report on the destruction of the station, said that the United Nations Observer, Colonel Roloff, of the United States Squad, had reported that the demolition was carried out by Arab irregulars.

A lorry-load of them were seen in the area some time before the explosion.

A large group of United Nations Observers assembled here tonight to make on the spot inquiries, and will report as soon as possible.

The Mediator's spokesman in Tel-Aviv said tonight that the first reports showed the reservoir was undamaged, although the machinery was in bad shape. He added that the British Commander of the Arab Legion troops in the area, Major Lockert, had been approached for information about the explosion. Seven persons reported seen near the locality were actually there several hours before the incident, it is believed.

P.O.W. Exchange? Count Bernadotte has told the Israeli Foreign Minister, Mr. Moshe Shertok, that, in view of the situation, he has agreed to a re-arrangement of the boundary lines in the Latrun area. The Count left Rhodes for Sweden tonight.

The Israeli Government formally proposed to the United Nations Mediator today a general exchange of prisoners of war, and declared their readiness to meet Arab representatives in Rhodes to work out details. The Jews held about 5,000 Arab prisoners of war, while the Arabs held 850 Jews.

A report from Amman, in Transjordan, meanwhile, states that Transjordan and Saudi Arabia, two of the seven Arab League states, agreed today to exchange diplomatic representatives for the first time in their history. —Reuter.

The Jews held about 5,000 Arab prisoners of war, while the Arabs held 850 Jews.

A report from Amman, in Transjordan, meanwhile, states that Transjordan and Saudi Arabia, two of the seven Arab League states, agreed today to exchange diplomatic representatives for the first time in their history. —Reuter.

## HUK OPPOSITION TO JAP TRADE

Manila, August 12. Congressman Luis Taruc, Huk Generalissimo, said today that the peasant mass was strongly opposed to a policy of trading with Japan, even only on a limited scale "for practical as well as sentimental reasons." He indicated that the Huk and PKM were dissatisfied with President Quirino's stand on the matter of Japanese trade. —United Press.

## SMALLPOX

Singapore, August 12. The Government of Singapore announced an outbreak of smallpox tonight in the Palembang area of South Sumatra, Netherlands East Indies. The oil centre has been declared "an infected area" by the Singapore quarantine authorities. —Associated Press.

## THE WORLD'S FIRST-CHOICE TIRE

One year's leadership could be accidental.

Two years' leadership could be built, perhaps, by clever salesmanship and advertising.

But Goodyear's world-wide leadership every year since 1918 must be the result of the superior quality of Goodyear tires.

This year, as in every year since 1918, it is true that:

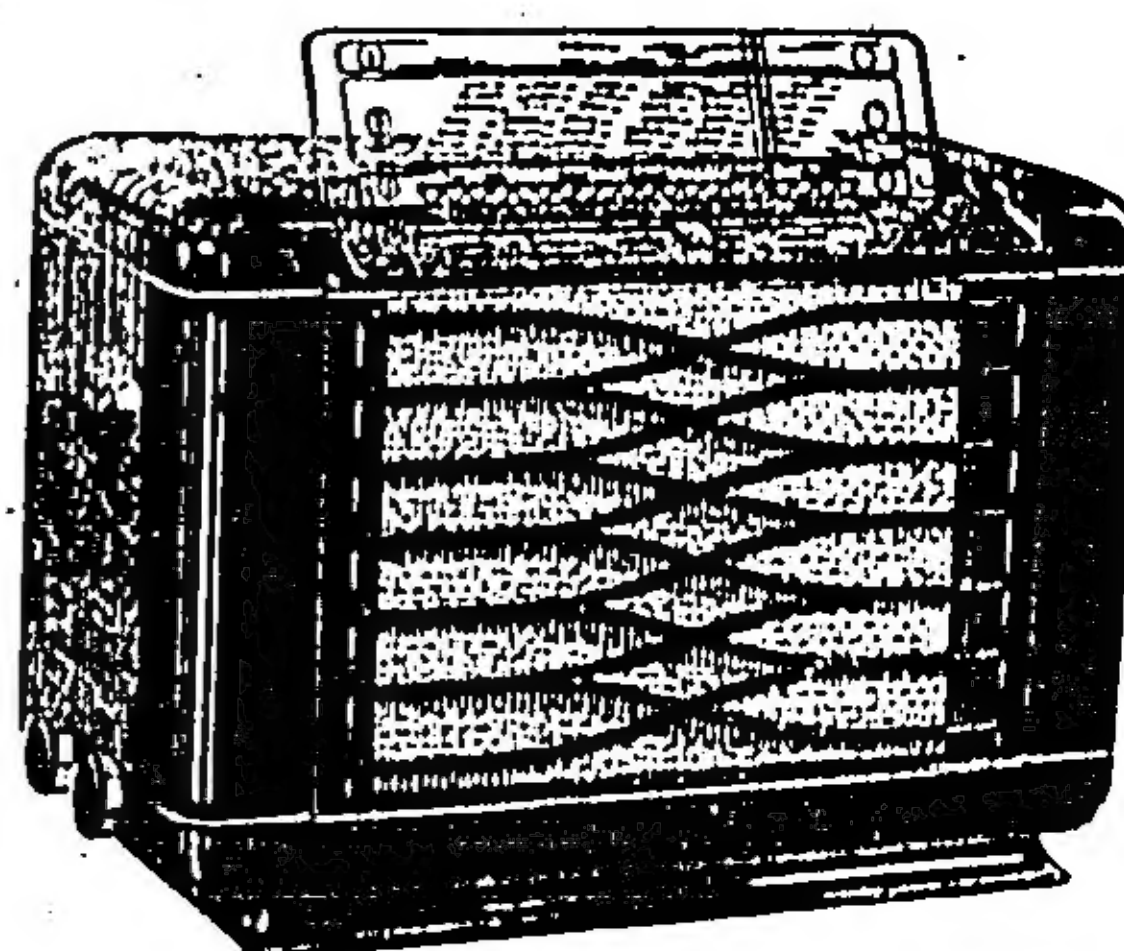

More people, the world over, ride on Goodyear tires than on any other make.

## RAF PLANES BLAST REBEL HEADQUARTERS IN MALAYA

### LEADER CAPTURED BY TROOPS

Kuala Lumpur, August 13.

Royal Air Force planes today blasted an important North Malaya insurgent headquarters with bombs, rockets and cannon fire.

Mopping up forces earlier has captured Tong King-nyen, the wanted head man of the rebel village of Pulau and holder of the British Empire Medal.

A RAF communique said that the rebel headquarters—in North Kelantan, near the Siamese border—were also used as a central supply depot and included several large buildings two of which were destroyed by direct bomb hits while a third was hit by four rockets.

The capture of Tong, who won his medal for courage and loyalty fighting the Japanese during the occupation, was the latest success in the tracking down in Kelantan of rebels, based on Pulau, who sacked the town of Gun Musang on July 17.

Tong was alleged to have been with the attackers when they struck Gun Musang and immobilised the town for some time. After British reinforcements drove the rebels out of the town and attacked and razed Pulau, Major General Boucher, the British commander, said that the first attempt to form a Communist Republic in Malaya had failed.

A second group of Kyaks, feared Borneo headhunters, has been down to Malaya to help in the anti-terrorist campaign.

#### Aussie Murdered

Four Chinese, armed with Sten guns and revolvers, murdered a 48-year old Australian tin mine engineer and wounded his companion in an ambush today about 20 miles south of the centre of Ipoh.

The Australian, Mr. Daden Powell Wills, of Sydney, was cycling to work with 41-year-old James Keith, of Angus, Scotland, when the terrorists opened fire.

Mr. Wills was wounded and took cover in a drain, but was followed by the Chinese, who shot him dead. The police arrested one Chinese suspect in the widespread comb-out which followed the murder, the ninth of a European since the terror wave started.

Three Malays, two Chinese and two Indians were wounded in attacks on two rubber estates

## STORY OF FANTASTIC JAPANESE BRUTALITY

Yokohama, August 12.

The War Crimes Court today heard a fantastic story of terror, fortitude and luck from a Marine Master Sergeant who was one of the 11 survivors out of 150 American war prisoners slaughtered by the Japanese on Palawan Island, Philippines, in 1944.

Douglas W. Bogue of Los Angeles, California, testifying at the trial of 15 Japanese charged with the responsibility of the massacre at Puerto Princesa POW camp, told how the Japanese penned up the Americans in air-raid shelters, then set them afire and shot down the men as they tried to escape.

When the Japanese charged the shelter next to his, Bogue and two other prisoners dashed for a nearby fence toward freedom. The two men were shot down and Bogue was forced to climb down a bordering cliff one ledge at a time until he reached the beach.

There, Bogue said, he found two internees dead in the sand after having been shot in the back while they were trying to escape.

Dodging out the line of fire, Bogue met two more Americans and all started to swim across the bay. Both of these men were shot and drowned, and Bogue was forced back.

Coming around a jutting point, Bogue came face to face with three Japanese with a machine gun. Bogue lay down, held his breath and pretended to be dead. When the Japanese saw him he got up, sprinted for the machine gun and moved them down in the sand. On that night, although wounded in the leg, Bogue managed to swim five miles across the shark-infested bay clinging to a log, until he reached freedom on the other side.—United Press.

### INDIA AND PORTUGAL

New Delhi, August 12. The Indian Government announced today that India and Portugal have decided to exchange diplomatic representatives at legation level.—Associated Press.

## LISBON TRIAL OF REDS

Lisbon, August 12.

Verdicts on 106 Portuguese men and a woman charged with Communist and anti-government activities were announced this afternoon at Lisbon's law courts.

The leading accused, Senhor Francisco Duarte, who admitted that he was the leader of the Portuguese Communist Party, was sentenced to four years' imprisonment.

Four men were sentenced to terms of from two years to two years and four months, two men received 30 months, 57 men 18 months and three men two months.

The woman and 39 of the men were acquitted.—Reuter.

### GREEK REBELS DISARMED

London, August 12.

A Tanjug, Yugoslav news agency, report distributed in London today by teleradio, said that Greek guerrillas, fleeing into Albania before the Greek Army drive, are being disarmed and sent into the interior of Albania.

"The Albanian Ministry of Home Affairs," the report said "issued a statement saying that a certain number of Greek partisans have crossed into Albania during the last few days. They have been disarmed and sent into the interior of Albania."—Associated Press.

### ANANDA MURDER TRIAL

Bangkok, August 12.

The Criminal Court set September 28 as the trial date of three suspects in the death of the late King Ananda Mahidol. The three are the king's former secretary, Chaiyapratsumarn, and two bed chamber attendants, Chit Singhaseni and Butr Pratamasirind.—Associated Press.

### Graveyard Romance

Mexico City, August 12. Margarita Romero Garcia, 22, told police today that she attempted to commit suicide because her lover, a grave digger, did not appreciate her sacrifices in living with him in the graveyard.

She said she swallowed 20 aspirin tablets and drank three quarts of intoxicating pulque after her lover struck her during a quarrel.—United Press.

### Death Sentence

Three RAF long-range bombers, based on Ceylon, took off from Colombo today for temporary duty in Malaya. The heavily-armed Mosquitoes are considered the most suitable aircraft for anti-guerilla operations.

Mohamed Ali, a Ramli, 22, a Malay airman in the R.A.F. Regiment, was today sentenced to death at Selangor State Assizes for carrying a loaded revolver.

The conviction was made under the state emergency regulations. Ramli admitted he carried the gun while in civilian clothes on leave. The death sentence is mandatory for anyone caught with an unauthorised firearm in Malaya.—Reuter and Associated Press.

### CROSS ATLANTIC IN LIFEBOAT

Edgartown, Mass., August 12. Six men, a boy and a dog are en route to New York today after crossing the Atlantic Ocean in 15 days in a 40-foot lifeboat.

The group came from Oslo, Norway via the Azores and stopped here yesterday for fuel and supplies. Their boat, the Colin, carried among its passengers Arol Selmer of Sweden, who said he hoped to operate as a Broadway producer.—United Press.

## TRUMAN RETURNS TO ATTACK

Washington, August 12. President Truman today branded the 80th Congress a do-nothing Congress and told the press the Republic anti-inflation bill would not stop rising prices.

He took exception to Senator Taft's prediction that rising prices would soon halt.

The President probably will sign the bill tomorrow and again denounce Congress for not acting on his proposals for wage controls and rationing at the special session.

Mr. Truman charged that in many instances the Committee chairman had refused even to consider his suggestions at the special session.

He said the record crops in prospect would help bring relief to consumers but that would take a long time.

President Truman again denounced the spy hearings as a red herring to divert attention from Congress' failure to act on prices. He declined to comment on the Moscow talks.—United Press.

### P.I. REQUEST FOR RICE

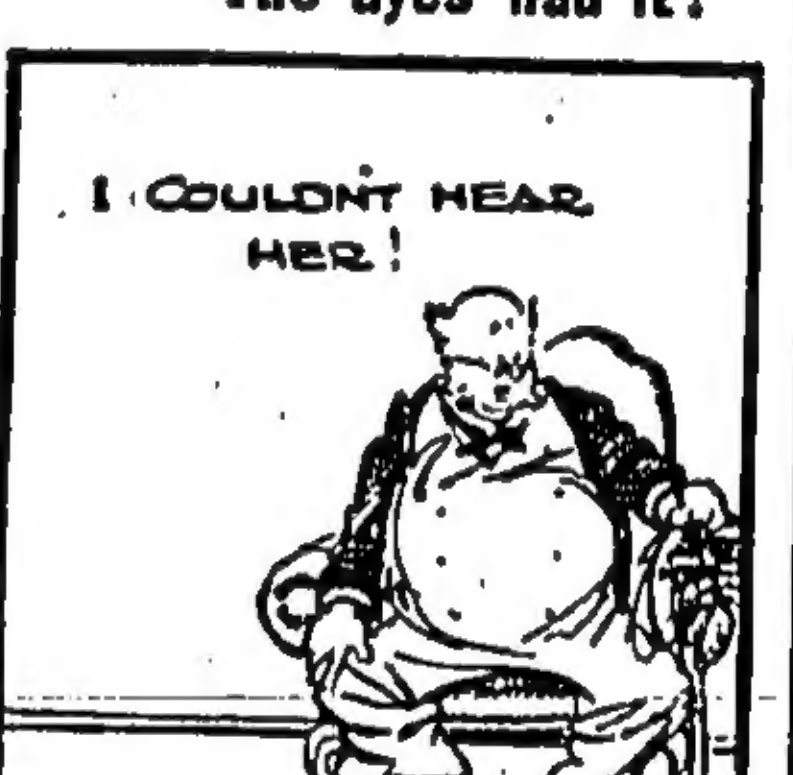

Washington, August 12.

The International Emergency Food Commission's Rice Committee is to meet next Monday to consider the Philippines' emergency request for allocation of 20,000 tons of rice.

The Ecuadorian Embassy has already indicated that Ecuador is willing to supply the Philippines' request.

The Embassy said today, "We do not know what the IECF Committee will do, but we are going to do our utmost to have the Philippines' request fulfilled." Ecuador views this as a good opportunity to further cement Ecuador-Philippines relations.—Associated Press.

WOMAN'S JUMP FROM WINDOW  
IN NEW YORK KIDNAP CASESensational Turn  
To Mystery

New York, August 12.

A Russian school teacher who plunged from a window of the Soviet Consulate today has told police that she had done so deliberately.

Police, who picked up Mrs. Oksana Kosenkina in the courtyard of the Soviet Embassy, said that she had suffered a broken leg and internal injuries.

The Soviet school teacher had been in seclusion in the Russian Consulate since her "rescue" by Soviet Consul General Yankov M. Lomakin from an anti-communist retreat.

The Soviet chemistry teacher had been ordered to appear in New York State Supreme Court today under a writ of habeas corpus issued yesterday. Lomakin ignored the order to produce her. The House of Representatives Committee on Un-American Activities has wanted to question the woman in connection with its investigation of Russian intrigue but could determine no way to serve a subpoena upon her. The State Department ruled that officers could not enter the Consulate unless they had evidence of a crime.

The State Department today asked the Supreme Court to delay action pending further study of international diplomatic complications of the case.

Several persons told the court earlier that she had expressed fear of returning to Russia. Officials of the anti-communist Federal Bureau of Investigation came there to seek refuge and returned to New York with the Soviet authorities because she was too terrified to refuse.

## Listened To Broadcast

Mrs. Kosenkina plunged from a third floor window a few minutes after listening to a broadcast of the Soviet Consul-General's refusal to produce her in court.

She was taken to Roosevelt Hospital, where attendants said she suffered a broken right leg and internal injuries, and was in critical condition. She had landed in the flagstone courtyard behind the Consulate in the fashionable East 61st Street residential district.

Consulate workers told Inspector Rothengast, deputy chief of Police, that Mrs. Kosenkina was listening to a radio newscast with them at the rear of the third floor of the Consulate. She left the room after an account of her mysterious appearance at the New York haven for anti-communist Russians, her return to New York by the Consul General who said she had been "kidnapped" by White Russians, and M. Lomakin's refusal earlier in the day to produce her in court.

The Russians reported that she was disturbed about what was being said about her on the radio. They said she remarked, "That is not true," and left the dining room to go to her own room on the third floor.

Several persons in the neighborhood said they heard her scream as she plunged from the window. Her fall apparently was broken by telephone wires.

## "Leave Me Alone"

Mr. Taruc said the authorities were insisting upon the surrender of firearms while the peasants were maintaining there was no agreement to surrender but merely to "register" firearms.

He said in several places Huk and PKMs coming in to register without firearms have been "threatened" by Government officials with such words as "now we know each other and we will see what happens after August 15."

Replying to a question whether he feared hostilities between the Constabulary and civilian guards on one side and the Huk on the other after the August 15 deadline, the Congressman said he hoped not. He said he had given orders to his men to "avoid encounters and keep away from their persecutors.... We will avoid clashes so long as they do not torture, loot and burn once more. Otherwise, my men are again prepared to defend themselves."

Mr. Taruc said it had always been a tacit agreement that firearms were only a minor factor in the whole social problem involved. He said: "I cannot subscribe to the military method of dealing with our organization."

Mr. Taruc claimed there was an agreement that Brig. Gen. Mariano Castaneda would be removed as Commanding General of the Constabulary, but this was not fulfilled.

He said the peasants were insisting also on Cabinet changes, particularly with regard to the Secretary of Justice, Mr. Roman Orosa, the Secretary of Labour, Mr. Pedro Masangilan, and if possible all of them. —United Press.

He tripped, the gun discharged and hit a dynamite pit, setting off 100 pounds of explosive. The ensuing blast ripped off Miki's clothes, broke windows in all the farm buildings, moved a machine shed off its foundation and stripped trees of their leaves.

Maki, cut, bruised and badly shaken, was taken to a hospital.

The dog has not been heard from since. —Associated Press.

London, August 12. The Ford Motor Company and the Austin Motor Company today reported a boom in the sales of their small British-made motor cars in North America.

Ford's Managing Director, Sir Patrick Hennessey, claimed a new dollar earning record for British car manufacturers. He reported 2,958 light vehicles—cars, trucks and tractors—were sold to North American customers in July to bring Britain \$2,750,000.

The Austin Company reported North American sales totalling \$11,750,000 since a sales organization was established in the United States and Canada nine months ago.

An Austin Company statement said: "The demand for Austins in America continues to grow." It added that there appeared to be "little likelihood of any of the big three American car manufacturers entering the light car market."

Ford reported total exports of 9,845 vehicles all over the world during July, a gain of 1,413 over the company's previous total in March. —Associated Press.

Two million Government and public service employees learned exactly what the MacArthur-inspired government labour policy means, with the issuance today of a four-point note to all employees unions:

1. The right of collective bargaining is not to be recognised henceforth, but employees may submit their grievances, opinions and requests to their senior officials.

2. Labour contracts for and understandings which existed hitherto are invalidated and management councils are also automatically disbanded. The existing wages and working conditions will be continued unless they contradict with the provisions of the cabinet edict.

3. Employees who work exclusively for their union will not be recognised.

4. No strike, sabotage or other actions obstructing the normal administrative business shall be permitted.

Those affected are workers in the government monopolies such as the railway system, telephone, telegraph, wireless, plus "ministerial" government workers.

Despite threats of widespread strikes against the new labour policy by leftwing leaders of the communications, railway and private industry unions, only scattered local strikes have taken place. These have been put down quickly by police action as direct violations of the cabinet edict and the clearly stated occupation headquarters policy. —United Press.

Tokyo, August 12. Tea trading circles reported today that the first shipment of high quality Kyoto tea, consisting of 1,000 pounds "gyokuro" brand will be consigned to Ueda Sholen, a Japanese firm in Hawaii.

So far, due to the high prices, no shipment of this tea was reported.

Meanwhile, high prices were reported to be holding up foreign trade contracts for Japanese tea produced in the Shizuoka area, Honshu.

Trade circles disclosed that far contracts received were less than one-fourth of the current crop estimated at over 3,000,000 "kats" of 6.25 pounds each.

Traders were said to be awaiting additional African orders for this tea. —United Press.

Mons. August 12. Twelve German war criminals—all of them former members of the SS—were sentenced to death by a military court here today. They will be executed by a firing squad in Mons in the near future the President of the Court announced.

This is the first time that German war criminals have been condemned to death by a Belgian court. All were accused of taking part in the wholesale massacre of civilians in the Mont-Chateau area a few days before the liberation of Belgium. —United Press.

Trying It  
On The DogStockholm, Minnesota,  
August 14.

A stray barking dog aroused the ire of Arnold Maki, 21, employed on a farm. He grabbed a shotgun and went out into the night.

He tripped, the gun discharged and hit a dynamite pit, setting off 100 pounds of explosive. The ensuing blast ripped off Miki's clothes, broke windows in all the farm buildings, moved a machine shed off its foundation and stripped trees of their leaves.

Maki, cut, bruised and badly shaken, was taken to a hospital.

The dog has not been heard from since. —Associated Press.

British  
Cars Claim  
Big Sales

London, August 12.

Progress  
Of Japan  
War Courts

Tokyo, August 12.

Allied Headquarters' legal section reported today that more than 700 war crimes suspects have been tried by Eighth Army military commissions in Japan, but there are still more than 700 potential cases pending.

The legal section reported that of 714 defendants tried for conventional war crimes—war crimes of lower level compared to the Tokyo group undergoing trial separately—since the commissions began functioning two and a half years ago, 600 had been sentenced to hang. Fifty-four had been acquitted.

Eight cases are now being tried in Yokohama.

The legal section chief, Mr. Alva C. Carpenter, said he recently signed charges against 123 Japanese and at least 100 of these persons are now in Sugamo Prison awaiting trial.

He said, in addition, over 600 more cases were being investigated, 100 of which involved possible abuse and murder of captured American fliers. —United Press.

Labour  
Restrictions  
Explained

Tokyo, August 12.

Two million Government and public service employees learned exactly what the MacArthur-inspired government labour policy means, with the issuance today of a four-point note to all employees unions:

1. The right of collective bargaining is not to be recognised henceforth, but employees may submit their grievances, opinions and requests to their senior officials.
